DISINFECTING YOUR PROPERTIES
We understand your needs and can offer quality, professional remediation and decontamination services as well as comprehensive Indoor Air Quality (IAQ) surveys, water intrusion and mold investigation services for buildings that have been vacant or shuttered for a length of time as well as other common environmental consulting needs.

At AEI, we are here to provide assistance when the need arises to help with essential environmental and safety services associated with this pandemic like the following:

1. Decontamination/Disinfecting Protocols Development (for Remediation Contractor Pricing and Performance)
2. Assistance with Contractor Acquisitions and Pricing
3. Bid Administration Services
4. Shuttered Buildings - Indoor Air Quality Testing and Recommendations for Remedial Activities
5. Mold/Water Intrusion Assessment Services
6. Asbestos-Containing Materials and Lead-based Paint Services, Specification Development

In addition to the above, AEI continues to provide a comprehensive range of industrial hygiene and environmental consulting services.

COVID-19 RESPONSE SERVICES
AS WE LIVE THROUGH THESE UNPRECEDENTED BUSINESS INTERRUPTIONS AND CIRCUMSTANCES, AEI CAN HELP.
